TALLY VOTE: YES 18 NO 32 ABSTENTIONS 2 MOTION TO SEND BACK TO THE FELLOWSHIP FAILED.

MOTION: Bob S., RSR (So. Cal) seconded by Shirley C., RSR (Georgia) "that the letter concerning tradition wording in our Basic Text, as read by Chuck G., be included in the Minutes of the Conference." Chair stated that the letter would be included in the official Minutes of the Conference. THE LETTER READ ASFOLLOWS:

"Dear Friends:

We have some questions regarding the 12 Traditions of N.A. that we would like to have answered.

There are some ideas in the blue book "Narcotics Anonymous" that are not in the red special edition of Narcotics Anonymous.

We're sure you are aware of these changes but we will go through them anyway for the sake of clarification. The underlined words are the additions of the blue book that do not appear in the red book.

Tradition four, page 61, "What about our service committees, our offices, activities, and all other things that go into N.A. The answer is that these things are not N.A. . . . all else is not N.A."

These three additions to the traditions seem contradictory and are highly confusing.

Going to an N.A. meeting, making coffee at a meeting and cleaning up afterward, putting money in the hat when it is passed around, talking to a newcomer, and serving as a secretary or treasurer is N.A. service work, in our opinion. What about being a G.S.R., A.S.R., R.S.R., chairperson, treasurer, or secretary on any other level than just group level? What about our committees on the area, region, or world level? Are these things not N.A. services also? The blue book puts these things on the level of a related facility, ". . . a halfway house, detox center, a counseling center, a clubhouse. . ." as listed in the sixth tradition on page 64. Why is there a W.S.C. approved "N.A. Service Manual" outlining and defining these things if they "are not a part of N.A."? In the "Newsline" Volume 1, we as group members were cautioned about breaking the sixth tradition. Are we breaking this tradition by making announcements concerning our service committees (A.S.C., P.I., H&I, etc)? Are our A.S.C.s, R.S.C.s, and W.S.O. breaking traditions by making announcements concerning area, region, and world level business? (We guess this last point is moot considering the fact that as outlined in tradition nine -- A.S.C., R.S.C., W.S.C., W.S.O., and W.S.B., are "not a part of Narcotics Anonymous.")

These additions to the traditions make traditions six and seven contradict each other. On page 65, concerning tradition seven the book states "We need money to run our groups: there is rent to pay, supplies and literature to buy. We take a collection in our meetings to cover these expenses and whatever is left over goes to support our services and to further our primary purpose." How can "whatever is left over" go to support our services, without violating tradition six, which says we ought never finance ("supply funds or to help financially" [page 64] any related facility or outside enterprise, if our services "are not a part of N.A."? Or conversely, can a group make use of these services without paying for them. On page 66 tradition seven says "We decline any outside contributions." Any group

that does not pay to have its name on a meeting list or does not pay their share of a 24-hour phone answering service is accepting an outside contribution and is in violation of tradition seven.'

Some of us who have been trusted servants on the different levels of the N.A. service structure are confused about the three additions to the blue book that are addressed in this letter. It is our opinion that these are N.A. services and that we have been directly responsible to those we've served -- the fellowship of Narcotics Anonymous.

Copies of this letter are being sent to the Lincoln Area Service Committee, the Nebraska Regional Service Committee, the World Service Conference, the World Service Board of Trustees, and the World Service Office. Thank you for your time and service.

Sincerely,
Danny K.
