

To: The Fellowship

From: Bob Hunter, Treasurer  
World Service Conference

The following report is for the period June 1, 1986 to April 20, 1987. A final report for the fiscal year ending May 30, 1987 will appear in the July Fellowship Report. As can be seen from this report the conference continues to be in poor financial condition. There is currently a cash balance of almost \$11,000 and we owe the WSO close to \$17,300. In addition, there are two months yet to go in this fiscal year, which includes the cost of this annual conference. It is expected that this conference could run as high as \$20,000 and an additional \$10,000 will probably be expended for committee and administrative expenses over the next two months. In total we may owe the office over \$47,000 by the end of the fiscal year.

Funds continue to trickle in and we are deeply grateful for all donations. The demand for, and the cost of services provided by the WSC continues to increase. During fiscal '87 the WSC paid for more of its "fair share" of expenses than before. In the past the WSO absorbed some of the expenses of the WSC, such as, travel and lodging for some of the committee meetings, publishing projects for the Fellowship, and miscellaneous administrative expenses (i.e. WSC stationery, miscellaneous postage and copying, etc.). Even though the WSO continues to pay for some of these, more of these expenditures have been billed to the WSC than in prior years.

Under our current system the WSO pays for a majority of the WSC expenses directly. Then the conference reimburses the office on a monthly basis as expense logs are sent to the WSC Treasurer. This system simplifies and expedites the payment of WSC bills since most of our bills originate at the office. (i.e. travel and lodging reservations, publishing projects, phone bills, etc.).

I have attempted to monitor expenses, paying only for those which are necessary, reasonable and within the budget. However, due to the nature of our system, there have been

times when the office has <sup>Bot lodging</sup> been stuck with paying several of our bills which I deemed as unreasonable or not within the budget. I've realized that I am not the one to monitor WSC expenditures in this way, since I see the bills only after they have been paid by the office. The appropriateness of expenditures should be determined by WSC committee chairs, vice chairs and WSO project coordinators. Unusual or special situations may also require approval of the administrative committee. This is being done to a limited extent by each committee. WSC trusted servants need to be more cognizant of their expenditures as related to the WSC financial policy and the fiscal budget.

I personally can think of three solutions to our present financial condition. The first is for our members to increase their Seventh Tradition donations. I don't know what else to say about this. It is a personal solution which each member needs to come to terms with in their own heart. A second solution I see is for the conference to be subsidized by the office. In effect this is already happening to an extent and we have general policy regarding the office paying for WSC expenses. However, if our financial problems persist we may need to adopt more formal policy. Thirdly, we can cut expenses, thus cutting services offered to the Fellowship. We may need to consider what WSC services we are willing to do without.

I have mentioned several items in my report which I hope will generate discussion later on in the conference and during the next fiscal year. There is no doubt in my heart that God will provide for us. This has been my experience in my personal life as well as what I've witnessed in service work. I would like to thank all of those who have supported the WSC financially, emotionally, and spiritually.

4-20-87

\$10,964.14

## Notes to Financial Statements:

Note 1: The majority of postage and production costs are for the Fellowship and Agenda Reports, *Reaching Out* and the P.I. Newsletter.

Note 2: As of April 20, 1987 the WSO has paid \$7,183.21 for travel and lodging of Select Committee members. These are the costs for special meetings in order to complete the draft of *A Guide to Service*.

Note 3: The WSC owes the WSO \$17,292.65 in expenses paid for by the WSO for the months of February and March. These amounts will be paid as soon as the funds are available.

Note 4: \$8,465.18 in donations has been received by the WSC Treasurer since 4-20-87. A detail of these donations will appear in the final report.

*The WSO has also paid additional expenditures which are not reflected here. These constitute a loan from WSO to WSC that the WSO understands may not be repaid.*
