

WORLD SERVICE CONFERENCE OF NARCOTICS ANONYMOUS

P.O. Box 9999
Van Nuys, CA 91409
(818) 780-3951

Date: May 1, 1987
To : The Conference
From: Randy Jones, Chairman
WSC H&I Committee

First I would like to thank the Conference for allowing me to serve another year, our Committee is looking forward to a very productive year. The main goal this year is to rewrite our H&I Handbook to be much more comprehensive. We plan on dividing our handbook it will include separate sections on treatment and correctional facilities. We feel there is a need to separate these because of the different need in each setting. Along with the two Quarterly's our Committee has planned two additional writing workshops one on the East Coast and one on the West Coast. We plan on utilizing all of our Committee members, including pool members for this project.

We have assigned the Colorado Region with preparing a first draft booklet for those in correctional facilities, hopefully to be ready to present to the WSC H&I Committee at the Quarterly in July.

The Committee is considering expanding the format of the WSC H&I newsletter, *Reaching Out*.

It is the intent of our Committee to stop accepting contributions to the special fund immediately. We suggest that area and regional H&I committees that have funds, that were collected specifically for H&I literature convert those funds into literature for local H&I distribution rather than send any funds to the WSC H&I special fund.

The Committee would like to present a motion to resolve the matter of the special fund which was committed to us by the Conference on Tuesday.
