RE: WSC Policy Committee

Greetings to the Conference from the WSC Policy Committee. The new members of the committee met this morning in conjunction with last years committee to discuss the proposed WSC Policy Committee agenda.

We considered each piece of input received and agreed to include them all in this years agenda as a package.

In addition there were several concepts committed to policy during this annual Conference. These include:

1. Review and make recommendations on the presentation of items in the Conference Agenda Report.
2. Review and develop procedures for redress of any item of approval that doesn't follow the current or proper approval process.
3. Review and make recommendations to include two members from outside the USA to the WSC Policy Committee.

During the WSO report there was discussion of involving the services of the policy committee in the area of service offices and their relationship to our spiritual Fellowship. The committee decided to include this as an agenda item.

We will continue to review and provide input to the select committee on "A Guide to Service in N.A." As well, we will continue work on the nomination and election procedures of the WSC which we were unable to give consideration to this year.

We have two major agenda items for this upcoming year.

1. To review and present guidelines for operating procedures of the WSC.
2. To develop a process for the collection, interpretation, and presentation of information regarding the formation of regional service committees.

In closing I would like to thank the WSO, George Hollahan, WSO Project Coordinator assigned to the committee, and this past years committee for all their support and enthusiasm. This has been a great year!
