

Colorado Regional Service Committee

P.O. Box 18A, Denver, CO 80218

This is the comments sheet from the Colorado RSC regarding the inventory questionnaire. As RSR, I believe some of the answers indicate that I need to do a better job communicating WSC/WSO efforts. Hopefully, that can be done in the time I have to serve.

It seemed there was some duplication in the questionnaire, but overall it was fairly straight forward and easy to explain and answer. The one question we had regarded question #7, part E. We weren't sure how service coordination would impact new groups/communities, but we seemed to lead to having that one apply. As far as questions 18 A-L, we had to mostly answer 'don't know' because the voting was split between all three categories and we didn't have a consensus. ThAnK you for the opportunity to be involved!
