

Notes to Consolidated Financial Statements

Independent Auditors' Report Years Ended June 2006 and 2005

Note 1 – Organization and Nature of Activities

Narcotics Anonymous World Services, Inc. (NAWS) was incorporated on 25 January 1977 and is headquartered in Chatsworth, California. In addition, NAWS operates a literature distribution facility in Toronto, Canada and an office in Brussels, Belgium*. NAWS is a not-for-profit organization which provides communications and information for the Fellowship of Narcotics Anonymous (NA). NAWS achieves its purpose by maintaining correspondence with NA groups and service committees, by printing and distributing World Services Conference (WSC) approved literature, and by maintaining the archives and files of NA.

In 1993, NA established the Fellowship Intellectual Property Trust (the Trust). The Trust was established for the purpose of holding and administering all recovery material and other intellectual properties of NA. The Trust is included in the consolidated financial statements of NAWS as a result of common control.

NAWS is exempt under Section 501(c)(3) of the Internal Revenue Code and comparable California Revenue and Taxation Code. The Trust is also exempt under the applicable Internal Revenue Code and comparable California Revenue and Taxation Code. In addition, the Internal Revenue Service has determined that the organization is not a private foundation within the meaning of Section 509(a) of the Internal Revenue Code. Therefore, no provision for Federal and state income taxes was made for either NAWS or the Trust.

Note 2 – Summary of Significant Accounting Policies

A. Consolidation Policy and Basis of Accounting

The accompanying consolidated financial statements include the accounts of NAWS and the Trust. Significant intercompany balances and transactions are eliminated in consolidation. The consolidated financial statements are prepared on the accrual basis of accounting.

B. Financial Statement Presentation

Under Statement of Financial Accounting Standards No. 117, NAWS is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets and permanently restricted net assets. As of 30 June 2006 and 2005, NAWS held no temporarily or permanently restricted net assets.

* Although reported in NAWS consolidated financial statements, our branch office in Tehran, Iran was inadvertently omitted from the auditors' notes.

**C. Cash and Cash Equivalents**

NAWS considers all funds held in checking and savings accounts to be cash and cash equivalents.

D. Investments

NAWS investments are carried at fair value which generally represents quoted market price as of the last business day of the year. The certificates of deposit are valued at cost, which approximates fair value.

E. Publication Inventory

Publications and other items for resale are included in inventories and are carried at the lower of cost or market, with cost determined by the first-in, first-out method.

F. Property and Equipment

Leasehold improvements and furniture and equipment are stated at cost. Major additions are capitalized while replacements, maintenance and repairs, which do not improve or extend the useful life of the asset, are expensed. Depreciation is computed using the straight-line method over the estimated useful lives of the related assets, which are as follows:

Leasehold improvements	5 years
Furniture and equipment	5-10 years

Depreciation expense for the years ended 30 June 2006 and 2005 amounted to \$340,264 and \$212,902, respectively.

G. Trademarks and Copyrights

The cost of acquiring and defending copyrights and trademarks is capitalized and is being amortized over the approximate economic life of the copyright or trademark, which is estimated to be ten years. The cost of computer software is also capitalized and amortized over a period of seven years. Amortization expense for the years ended 30 June 2006 and 2005 amounted to \$120,651 and \$113,936, respectively.

H. Accounts Receivable and Allowance for Doubtful Accounts

Accounts receivable are reported net of an allowance for doubtful accounts. The allowance is based on management's estimate of the amount of receivables that will actually be collected. Management estimates uncollectible accounts based on the age of the receivable and other factors.

I. Translation of Foreign Financial Statements

Financial operations in Canada and Europe are translated throughout the year to United States dollars. Gains or losses resulting from translating foreign currency financial statements are recorded in the consolidated statements of activities.

J. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Note 3 – Retirement Plan

NAWS maintains a qualified defined contribution retirement plan, which covers all employees. Under the terms of the plan, employees may elect to contribute pre-tax earnings up to the maximum allowable amount. NAWS matches up to 5% of the deferred earnings based on the employee's number of years of service. The matching contribution to the plan for the years ended June 30, 2006 and 2005 was \$59,435 and \$46,541, respectively.

Note 4 – Operating and Capital Leases

NAWS also leases equipment and facilities under various operating leases.
