F E L L O W M E M B E R S .

This first Narcotics Anonymous Directory is produced in the hope that it will help addicts find better areas of communication. If any kind of directory for addicts were easy to compile and assemble we would have produced one long ago. It is not easy to keep track of addicts. Also some of our personality traits that hang on, even after abstinence has been established, such as secretiveness and suspicion make it more difficult to get the information we need to accomplish our task. We are sure that changes and additions will have to be made almost at once, therefore there is a group sheet for registration enclosed in each directory. If all loners, groups or GENERAL SERVICE REPRESENTATIVES will notify us between now and November First 1976 then our next directory will be much improved.

We trust that all members who make use of this list, do so with the Twelfth Tradition in mind and that the principle of anonymity will ensure its confidentiality. To preserve anonymity, Please, DO NOT USE N.A. OR NARCOTICS ANONYMOUS ON POSTCARDS OR OUTSIDE WRAPPERS when contacting individual members.

Although this copy is "DITTO" we will when ongoing accuracy is possible print the directory in a size and at a price that will make it available for reference to all of our members. We ask for your future co-operation so that we may more fully fulfill our main purpose.
